

BARREL CONTOURS

This is an example of our basic contours – but we have over 500 on file. If the one you want isn't here, please contact us with your desired dimensions.

What size barrel will serve you best? The information below will give you an idea of the size and weight of a selection of Hardy barrel contours. Shorter or longer blanks are available up to 32" - just have a chat with us.

Reminder: You must cut at least 1" off the muzzle when fitting.
